## JULY 4 FESTIVAL AND ADA BOOSTER STUNTS PLANNED

Athletic Association May  
Print 5,000 Copies of  
Trade Edition.

### 3-DAY CELEBRATION

Observance of Birthday of  
Nation To Be Best  
Held in City.

A combined booster and baseball road trip is being planned by the Ada Athletic association, with the primary purpose of advertising Ada and holding a Fourth of July celebration here. Plans are rapidly being made for the trip which will take the Ada Athletic Association band and base ball team on a tour of considerable length. They will leave Ada on June 19 and will be gone six days.

Ralph Waner, manager of the Ada Athletic association, said today that the city would be advertised on the trip and every effort made to draw trade to this section. One day will be spent each at Sulphur, Davis, Wynnewood, Pauls Valley, Purcell and Asher.

One of the means of advertising the city will be an eight page paper, containing advertisements of merchants here and reading matter explaining the city, the three day July celebration, and other matters. Space will be sold at about regular newspaper rates, Mr. Waner said. He plans to have every Ada merchant represented.

The association band, which has been improving rapidly since the arrival of new music, will furnish pep for the trip. The baseball team will play a game each day. Two games have already been contracted and other contracts are expected daily. The team will be composed of all good players who can be secured to go. Expenses for the baseball team are guaranteed by the towns visited.

**Put Band in Suits.**  
Arrangements are being made to provide funds to buy uniforms for the band. It is expected this will be accomplished without a great deal of trouble. With the band, and the distribution of about 5,000 copies of the paper, which will be called "The Ada Booster," it is expected that the advertising scheme will be well carried out.

For the first time in several years Ada will have "a real Fourth of July celebration," Mr. Waner said. He is planning a three day affair, July 3, 4, and 5. It will be a regular celebration, carried out in a manner to make it worth while for all to attend, he added.

A baseball game has been scheduled here for each day. A boxing exhibition, together with wrestling and battles royal, will be featured at night. All concessions will be turned over to local civic clubs and organizations.

"This," Mr. Waner said, "will keep most of the money in Ada and at the same time will benefit local organizations. All the athletic association wants out of the affair is expenses and to provide an increased business for local merchants."

**Paper Pays Expenses.**  
He said that advertisements in the paper, together with a small premium on concessions, would be enough to meet expenses of the booster trip and three-day celebration. Most of the money will be spent in out of town advertising to draw crowds, he said. This is one of the largest attractions ever scheduled for Ada. It will include the baseball club, athletic association and many other organizations of the city. Co-operation of civic clubs here is asked in order to make the affair a success.

It is planned to have the main attractions at Glenwood Park, where plenty of whole some amusement will be furnished for all who want to attend. Daily concerts, speaking, games and races will be featured. Baseball games will take place at the fair grounds park. Money will be needed to pay the expense of the band on the booster trip, it was pointed out. The paper will be distributed by members of the band while they are not playing.

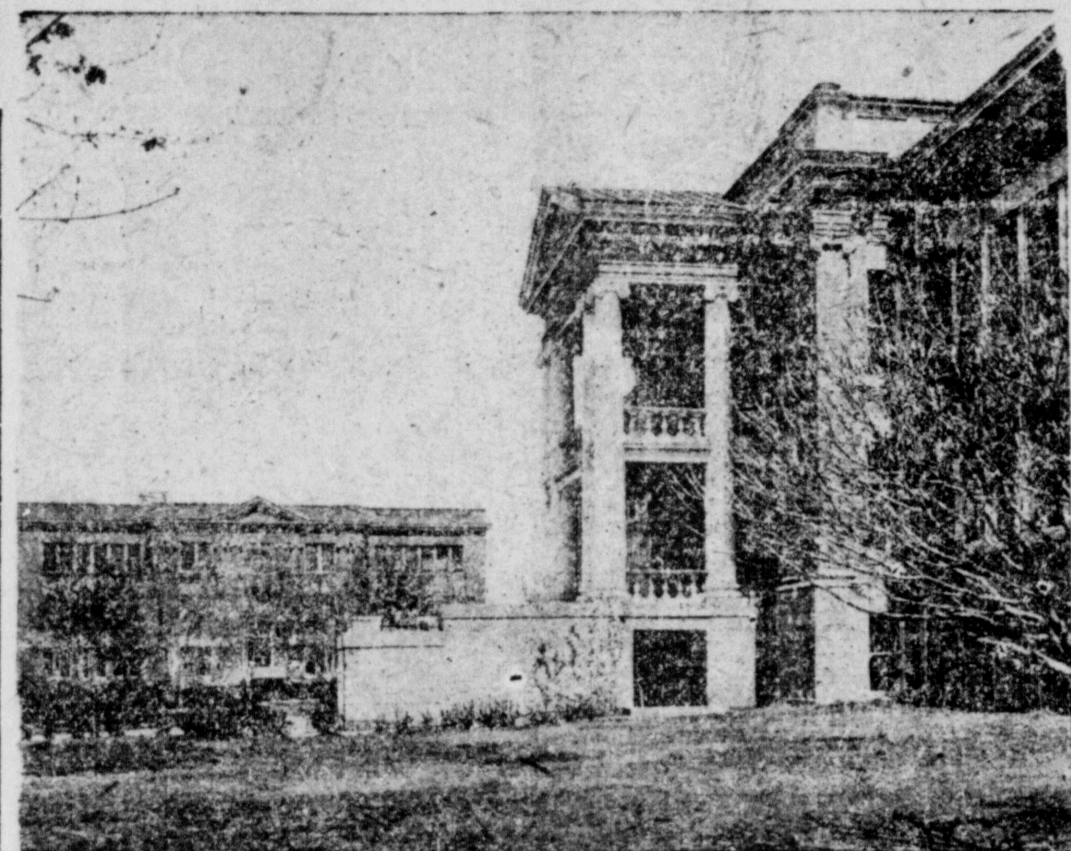

Business men of the city who are interested enough to accompany the baseball team and booster band have an invitation to go along. Many local people are expected to make daily trips to the towns to be visited, returning home the same day.

Any business man or baseball player, who wants further information should see Mr. Waner.

## East Central State College Extends Greetings to Throng This Week

DR. LINSCHIED, President

### Class Work Starts

Class work at the college began this morning and everything was soon running full blast. Others were matriculating, but President Linscheid considered that there was no time for those already on the ground to lose and after a brief assembly at 7:30 the classes began their work. A committee of the faculty not engaged in class work met with the new students and looked after their classification. A hundred or more enrolled this morning, bringing the total around 1400. Miss Watson stated that several who wished to attend the training school had to be denied admission because every grade was filled to the limit. With 20 to the grade this means 120 in this department.

## 1266 PRESENT AS COLLEGE STARTS ITS SUMMER TERM

TWELVE hundred sixty-six! That is the story in brief of Monday's rush at East Central Teachers College as students entered for the eight weeks summer term.

President Linscheid states that when he arrived at 6:30 a. m. to get everything in readiness to receive the new arrivals, a number of them were already there waiting for an opportunity to enroll and get settled for their summer's work and a steady stream flowed through the building all day, taxing the faculty members to the limit to matriculate them. This indicates an enrollment of at least 1500, the president said, as many were expected to arrive on the late trains and others will be here as soon as their schools close. No trouble in finding rooms has been experienced. The enrollment for the summer term of 1921 was 1120, the largest in the history of the college up to that time.

To handle the great student body the board of education of the city schools tendered the use of the Willard building, which is near at hand, and made everything ready for the use of the college.

### 210 Classes Arranged

President Linscheid states that provision has been made for 210 separate classes and that special emphasis will be placed on college work and work leading to state certificates rather than county certificates. Indications are that the graduating classes for summer term will be much larger than at the close of the spring term and that more life diplomas and degrees will be conferred than at the recent commencement—many more, in fact, than had been anticipated. A large part of the student body has been here before but many new ones have enrolled, including a fair sprinkling from other states, particularly Texas and Arkansas. The enrollment from several counties other than Pontotoc has already surpassed that of any previous year. This applies especially to Pottawatomie, Okfuskee, Hughes and Okmulgee counties.

The summer term faculty is larger than ever before and includes some twenty-five or thirty assistants. Besides the regular college faculty the summer term faculty includes some of the strongest educators of the district and some from elsewhere.

**Extra Instructors Added.**  
Following is the list of faculty members outside of the regular college corps:

F. L. Stewart, Okmulgee; C. L. Reeves, Holdenville; Fritz Hatcher, Wetumka; Roy Conner, Okemah; J. R. Hale, Davis; Alberta Carney, Chickasha; Mae Rose Noble, Okemah; A. B. Herring, Wynnewood; Ada Freeland Hanna, Shawnee; H. P. Butcher, Allen; M. P. Hatchett, Tishomingo; K. W. Harris, Purcell; J. E. Garrett, Wewoka; A. L. Pentem, Ada; J. E. Hickman, Ada; Lottie Dowell, Tecumseh; G. S. Dowell, Tecumseh; Clyde Clack, Tishomingo; Mrs. H. F. Felix, Ada; W. C. Herring, Ravia; B. C. Klepper, Shawnee; J. L. German, Roff; W. B. Schoggen, Stratford; Mrs. Margaret Hawkinson, Ada; Grace Rushing, Francis; Mary Leath, Memphis, Tenn.; Mrs. Adair, Ada; W. A. Allen, Lehigh; J. O. Seger, Seminole; Oscar Darter, Tishomingo; Ida Salin Williams, Norman.

**Here's Regular Faculty.**  
The regular college faculty consists of the following: A. Linscheid, president, R. R. Robinson, R. S.

## EUROPE UNITES TODAY TO HONOR AMERICA'S DEAD

Graves of 40,000 Yanks in  
France Are Decorated  
By Loving Hands.

### SIX SERVICES HELD

England Also Joins U. S. in  
Solemn Rites for Our  
Fallen Heroes.

(By the Associated Press)  
PARIS, May 30.—The 40,000 American war dead in France were visited by groups of their comrades today. While the bodies of 24,000 have been taken home and most of those remaining here have been gathered in six permanent American war cemeteries, some remained in scattered spots where they were first buried, and where they were left in accordance with wishes of their families.

To each of the places—great cemeteries and lone graves alike—their comrades of American Legion and representatives of the French people today took flowers.

French troops, groups of French veterans' organizations and school children attended the six principal services and many of the smaller ones, and the government was represented at almost all of them.

**Britain Pays Respects.**  
LONDON, May 30.—Great Britain joined with the United States today in honoring the American soldier dead, at Brookwood, 28 miles from London, the great plot of North Gorse Studded group in which rests 450 American soldiers and sailors who gave their lives in the allied cause, dedicated as a national cemetery for the American illustrious dead. The cemetery also contains bodies of soldiers from Great Britain and Britain's overseas possessions.

Most of the American dead are those who died in English hospitals from wounds received in France and whose relatives wished that they might rest in the soil of Britain. Dedication services were read by Chaplain H. S. Smith, U. S. army.

## Foreign Missionary Will Speak in City Hall Friday Night

Dr. C. F. Bernheisel, a Presbyterian foreign missionary who is home on a furlough, will speak at the city hall Friday night, June 2, according to an announcement this morning by Rev. E. O. Whitwell, Presbyterian pastor.

"He is a man of many years experience," Rev. Whitwell said, "and will have a great message from the heart of the heathen to us at home. A cordial invitation is extended to all the people of all churches and of the entire city to hear this great message."

Dr. Bernheisel is working out of the St. Louis office.

## MAN WHO CARRIED FLAG IN MOB FACES CHARGES

(By the Associated Press)  
WACO, May 30.—W. L. Edwards, was placed under \$2,500 bond here today on a charge of defiling and casting contempt on the American flag. He is alleged to have carried a flag in the gathering of the mob here Friday when a negro was burned, after he had been shot by the father of a girl the negro was charged with attacking.

## Memorial to Abraham Lincoln is Dedicated at Washington Today

Above, at right, view of the Lincoln memorial, as it appears from side of sunken lake at main approach. At left, Washington monument as seen from the central columns of the Lincoln edifice. Below, the Daniel Chester French statue of Lincoln. The human figure before it indicates the immensity of the statue.

## THOUSANDS GATHER TODAY AT NEW LINCOLN SHRINE

WASHINGTON, May 30.—A nation's tribute to its glorious dead reached its climax today at the dedication of the memorial erected beside the Potomac to Abraham Lincoln by his grateful countrymen. A former president headed the committee which has lavished endless thought on making his structure of American gratification worthy of the man whose memory it will perpetuate for Americans always.

The president in person accepted the memorial in the nation's name. Spreading across the wide terraces, the lawns and circling driveways wrought to give the memorial building a setting, were thousands of Americans and the most distinguished men in this country from foreign lands all came to pay their homage to this new shrine of democratic liberty. Close about were gathered the men who today hold in their hands the destiny of that government "of the people, for the people and by the people," which Lincoln gave his life to maintain.

## ADA COLLEGE HAD BATTLE TO EXIST

East Central Now Stands  
On Firm Basis After  
Years of Work.

East Central Teachers college has had an interesting history. To secure it the city of Ada put up one of the hardest fights in the legislative annals of Oklahoma. Through two sessions of the legislature the battle was fought and more than once the contest appeared to be lost, but the united citizenship of Ada refused to accept defeat. On the final day of the session of 1909 the bill creating East Central was passed and there was rejoicing in Ada.

The original bill carried an appropriation of \$100,000 for the erection of the administration building, but nothing for the support of the school during its first year. Not to be outdone, a number of citizens signed a note for \$10,000 taking a long chance on being reimbursed by the legislature, and the school board placed the high school building at the disposal of the normal board.

It was not yet finished when the term began but this did not deter the earnest faculty that organized for work. The second term opened in the new building. First assembly marking the opening of the school was held in the Methodist church and was largely attended by citizens of Ada.

**School Fought to Live.**  
The school had its trials in maintaining its existence. Before work had begun on the building, Campbell Russell tried to initiate his "New Jerusalem" bill which included the repeal of the act creating the school and later the Akin initiated bill at

## HONORS TO DEAD ARE PAID TODAY OVER OKLAHOMA

American Legion Leads in  
Solemn Observance of  
Memorial Day.

### FLAGS AT HALF MAST

State Pauses Briefly To Do  
Reverence to Men Who  
Fought Our Wars.

(By the Associated Press)  
OKLAHOMA CITY, May 30.—Led in most cases by the American Legion, cities and towns in every part of the state held Memorial services today in honor of their men who have died in the various wars in which the nation has participated.

Many cities held parades in which patriotic and civic organizations and part, and business in dozens of places was suspended during the ceremonies.

Flags flew at half mast throughout the state as the graves were decorated and eulogies delivered.

Extensive preparations were made locally by the American Legion, G. A. R., the Confederate Veterans, Spanish War veterans and other organizations for the observance of the day.

**Parade at Miami.**

MIAMI, May 30.—Miami did honor today to those who have borne arms for their country and who now sleep in local graveyards. Virtually all patriotic organizations in the city had a part in the observance of Memorial Day as huge parade with memorial services at the courthouse being the outstanding features of the program.

Led by the national colors, the parade was grouped as follows, Miami band, civil war veterans, Spanish war veterans, American Legion drum and bugle corps, firing squad, American Legion and others who served in the world war with colors and standards, caisson drawn by six horses, Red Cross, Ladies Auxiliary, Boy Scouts, fraternal orders, churches and other organizations with floats and banners.

The parade ended at the Ottawa county courthouse square where the "Star Spangled Banner," played by the Miami band, opened the memorial service. A prayer was offered by the Rev. J. C. Linton, after which community singing recalled the days during the recent war when such gatherings were held throughout the land. Reading of Kipling's "Recessional", an address by Rev. A. P. Cameron and benediction by Rev. Stufflefield concluded the program.

An automobile parade was formed at the conclusion of the services and proceeded to the G. A. R. cemetery where graves of those who fell in the war between the states, the Spanish-American war and the world war were decorated. Floyd L. Perry post of the American Legion had charge of the services at the graveyard. A prayer and firing squad salute for the dead was followed by the bugler's solemn "taps."

All stores in the city were closed during the morning and flags flew at half mast.

### Walters Decorates Graves.

WALTERS, May 30.—All civic organizations in Walters participated today in a memorial service under leadership of the American Legion. Services were held in a local church after which the participants proceeded to the Walters cemetery where the graves of those who were in the service of their country were decorated.

### Mangun Men in Uniform.

MANGUM, May 30.—Members of Paul Garrett post of the American Legion came out today to hold memorial services for their comrades who died in the service of their country and for those who proceeded them in earlier wars. Fully uniformed, the members of the legion post marched from the legion hall to the cemetery where Frank H. McGregor, post commander, and A. R. Garrett delivered addresses.

Salutes were fired by a rifle squad over the graves of those died in the civil war, the Spanish-American war and the world war.

### Three Posts Unite.

CHANDLER, May 30.—Arthur J. Matheny post of the American Legion and the local post of the Spanish War veterans and the G. A. R. united today to honor their comrades who fell in the service. At sunrise members of the American Legion marked with flags of the United States the graves in the local cemetery of their comrades. Later the three organizations placed flowers on the graves after which three volleys were fired by a rifle squad and taps sounded.

Memorial addresses were made by local speakers.

### Honor "Unknown Dead."

BLACKWELL, May 30.—Blackwell citizens, under the direction of Litchfield Post No. 17 of the American Legion, introduced a new fea-

BIBLE THOUGHT OF TODAY  
A MIGHTY ARM:—Thou hast a mighty arm; strong is thy hand. Justice and judgment are the habitation of thy throne; mercy and truth shall go before thy face.—Pm. 89.13

## CHICKENS COME HOME TO ROOST.

Talk about chickens coming home to roost, how about the pardoning of Morse by President Taft ten years ago? Morse was a high financier of New York who was caught with the goods, or rather without them, and given a stiff term at the Atlanta penitentiary. Immediately he developed symptoms of a very alarming disease, for perhaps a dozen, so the physicians reported, and the public was told that Taft pardoned him so that he might go home to die in the midst of his family. Well, he proved the liveliest corpse on record and at once went back to his old tricks with the result that he was recently brought under charges again. Now comes Senator Caraway who insists that Secretary Daugherty was mixed up in the matter and helped to pull the fraud over Taft. Daugherty comes back and insists that just about everybody in the United States, who amounted to anything, including most of the congressmen and senators, joined in the chorus pleading for the pardon of the unfortunate crook. He names several of them and if his statement proves correct several reputations will be considerably besmirched. Granting that Daugherty is telling the truth, these men doubtless thought the whole affair was buried too deeply to be resurrected and not believing in ghosts considered themselves secure. However, this proves that some ghosts do come back to point an accusing finger at the wrong doer and no secret can be buried so deeply but that its ghost may scramble out at some inopportune time to plague the ones who sought to hide evidence of their crookedness. The law of retribution never sleeps.

## WELCOME TEACHERS

Once again the city is in the hands of the teachers, this time in overwhelming force. However, no one resents this invasion for these teacher-students have been coming here year after year until the summer would be incomplete without them. Hence, the city is always ready to meet them and hand over the keys unconditionally. Ada is proud of the college and feels a pride in the work being done everywhere by the students who have gone out from its walls. East Central has sought to build up a reputation for thoroughness and so well has this policy succeeded that today a diploma from this college is a high recommendation everywhere. We feel a personal interest in our visitors and hope they will find their sojourn at Ada so pleasant and profitable that the happiest of memories will always cling about it.

Advocates of the new tariff bill pending before the senate are tearing their hair over the slow progress being made by their pet measure. They are even talking about trying to amend the senate rules so as to limit debate, but can't even agree among themselves to do that. The trouble is that the rest of the country has waked up to the fact that it is not simply an attachment to New England and New York for revenue purposes only and other sections are insisting on taking a hand in looking after their interests. With unlimited debate for everything in the senate it may be many months before a vote can be reached and unless the bill becomes a law before the November election the beneficiaries of its provisions will not feel inclined to contribute any great amount of campaign funds.

The public is slow to take up a great many things. Darwin, for example. Darwin's theory of evolution originally was expounded more than half a century ago, yet the American public has just started to discuss it pro and con. The average person thought little of the matter until William J. Bryan shouldered his gun and went on the warpath against the Darwinian doctrines, thus making them topics of popular discussion.—Ex.

It is reported that American tourists in Europe are being fleeced in grand style by the downtrodden and oppressed inhabitants of that continent. Americans were always easy marks, anyway, and the innocent Europeans want to make up for the seven lean years when the tourist lambs could not wander over the green fields of the shearers.

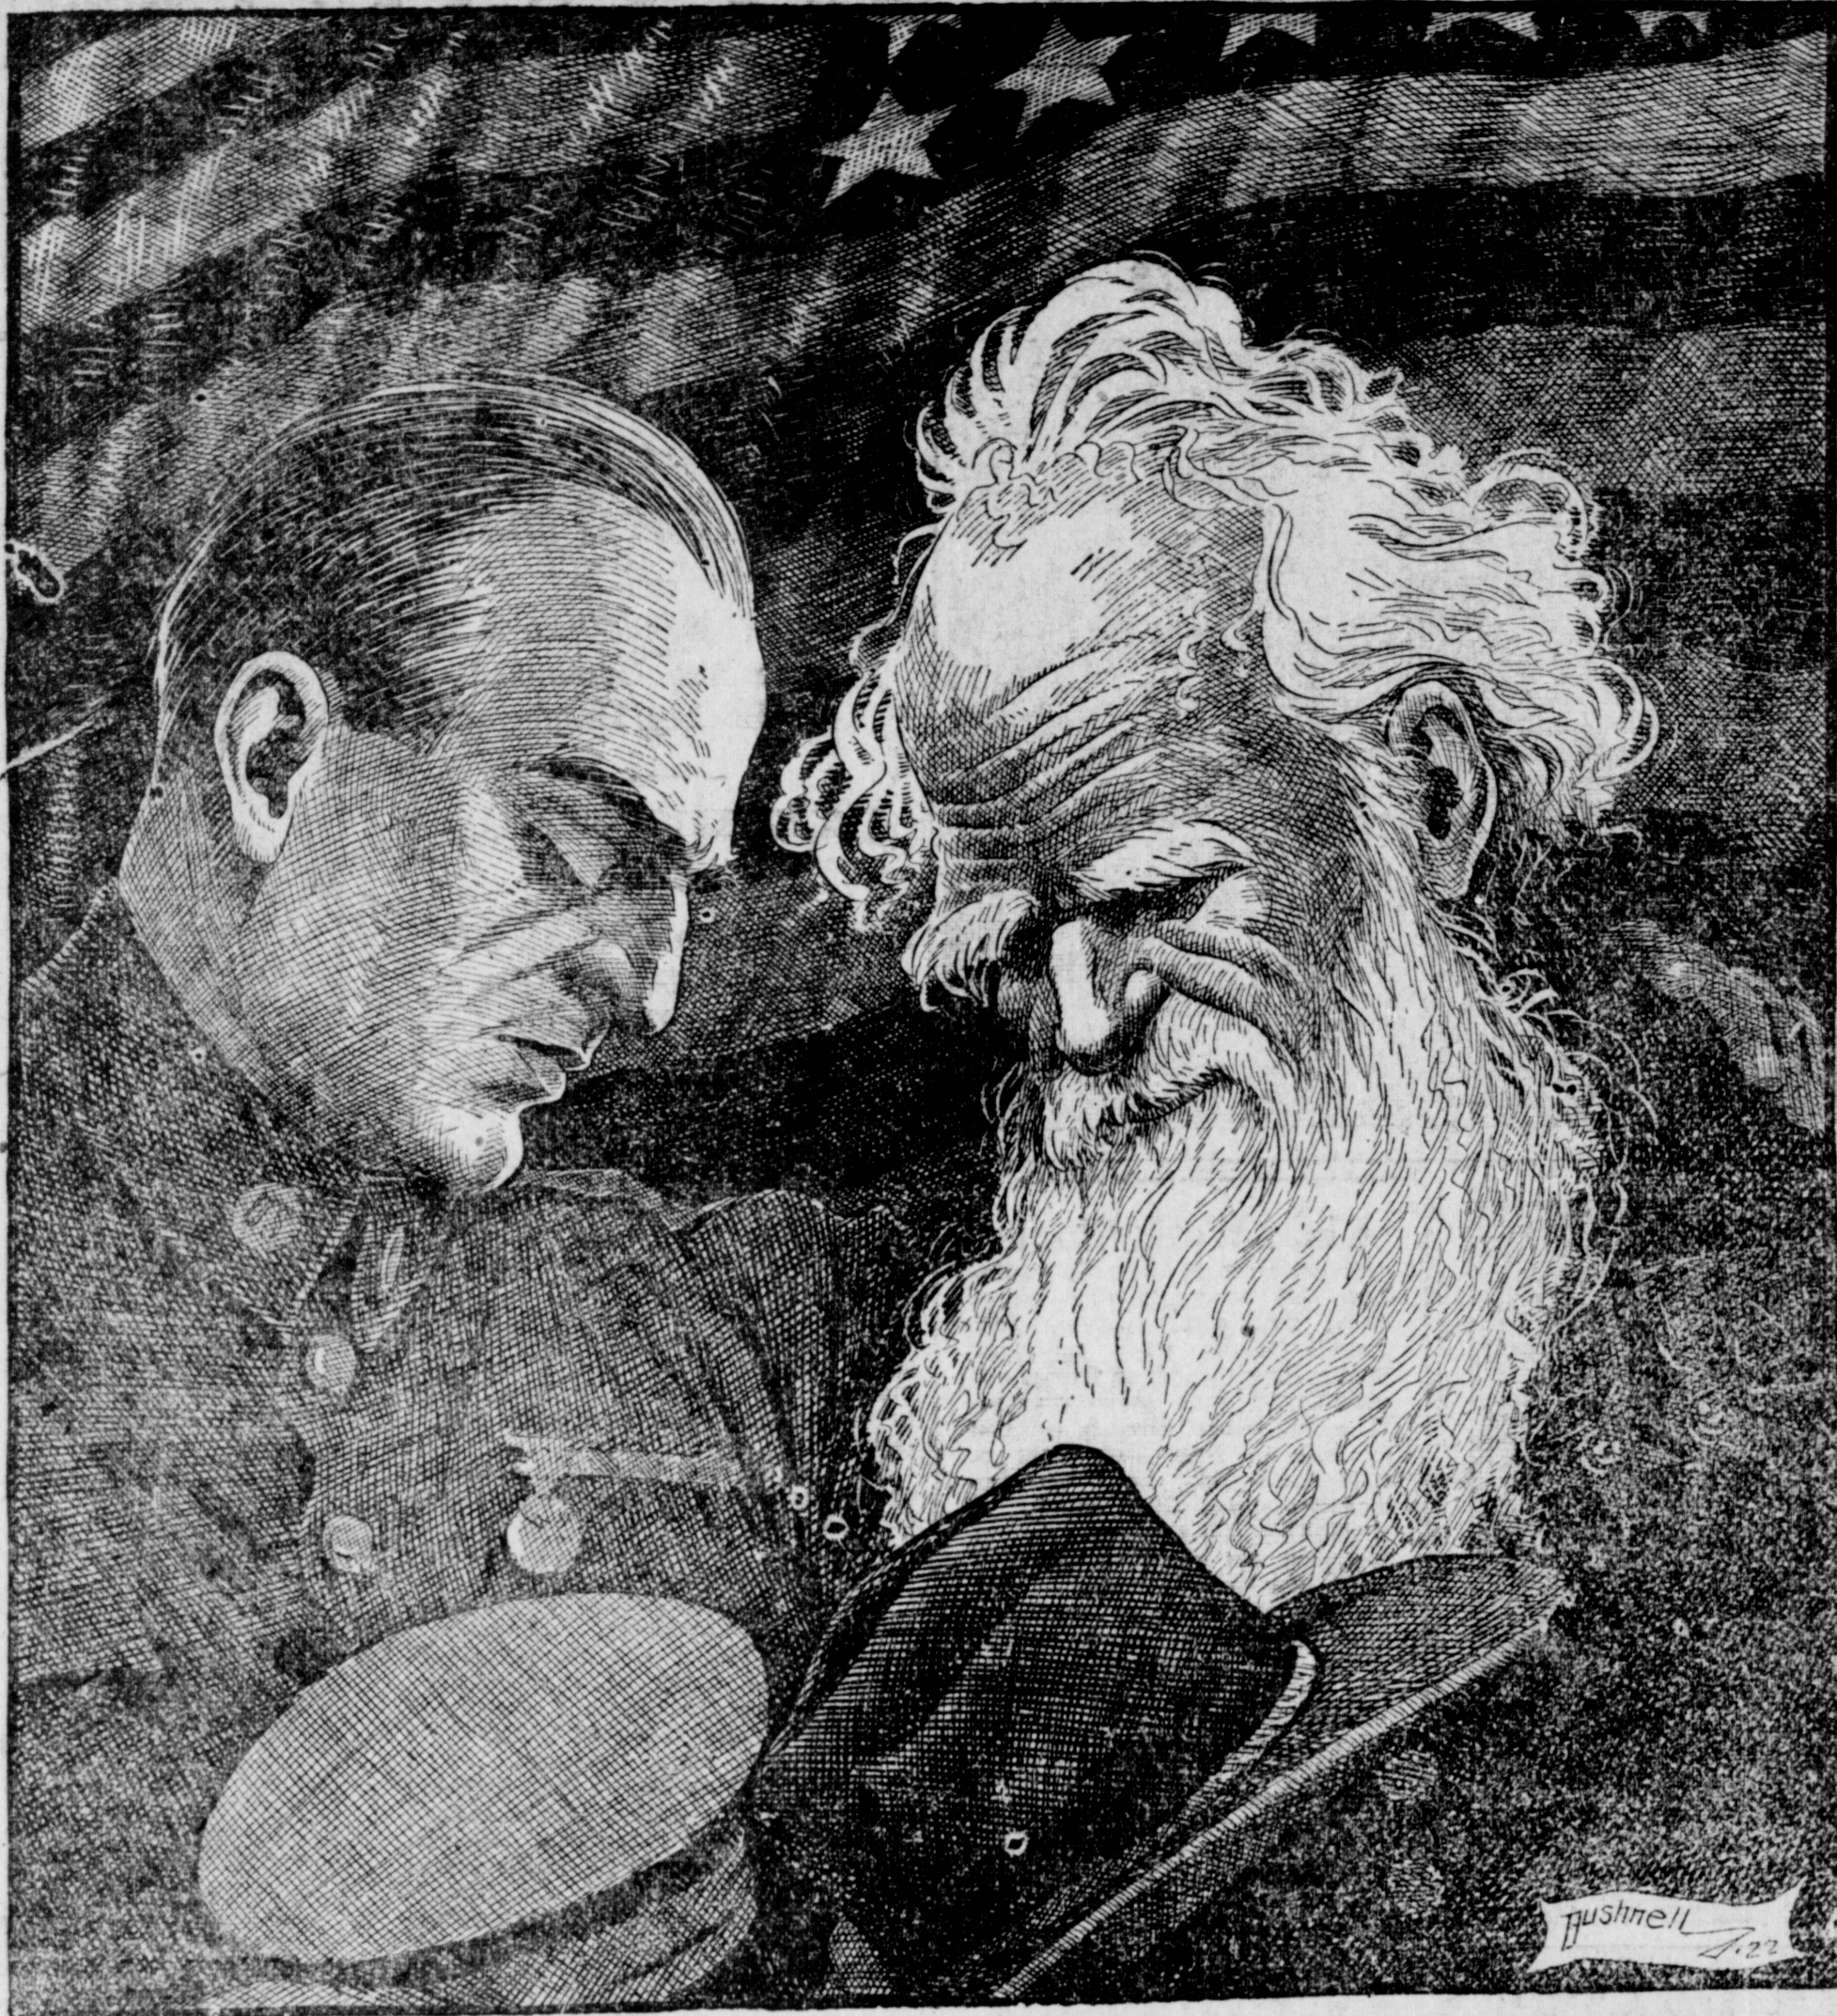

Capper's Weekly calls the victory of Pinchot in Pennsylvania another case of David and Goliath, the Philistine giant in this case being the Republican machine which has been invincible for the past generation. He ascribes the victory for clean politics to the farmer and women vote.

Now comes the report that Henry Ford is perfecting a new milling process by means of which he expects to make flour much more nutritive than that now in general use, but which can be sold at a lower cost. Good news, if true.

Steam is not made in a boiler which has no fire under it; neither do big ideas originate in an idle brain.

Sometimes a person is spoken of as temperamental when blanked fool would be more to the point.

## 1861--VETERANS--1917

## The Forum of the Press

Commerce With Conscience.  
(Tulsa Tribune)

When President Harding said the other day that one of the great needs was for conscience in business, he touched a chord which responds in the hearts of most Americans. When the phrase "business is business" is used to cover fraud, to excuse greed or dishonesty or the exploitation of the weak, the American who hears it so used is always conscious of an uneasy feeling, of a belief, though it be unformulated even to himself, that there is something unsound about the business which requires that phrase for its apology.

"I do not think any business can permanently succeed that is not honest. And I do not think any enterprise ought to succeed that is not honorable," said the president. "If you will combine honesty and honor, that enterprise which makes such a slogan will stand unchallenged before the world."

"There is one fundamental that we ought never forget. No law can ever be enacted or any substitute ever found for the reward of merit. It is the essence of our social life, it is fundamental in our religious life. And I am quite sure there can be no abiding reward without merit, and I am equally sure that there can be but little of merit without prospect of reward."

Regardless of one's possible agreement or disagreement with President Harding in political matters, when it comes to this matter of business morals, every American who is worth the name heartily subscribes to this doctrine.

## Marvels of Skill.

(Bartlesville Examiner)  
Have you ever seen a specimen of exceedingly small writing? Certainly, you have. Maybe, at some time or other, you have competed in a contest in which the prize went to the person who could write a certain word the most number of times on a postcard.

That used to be sure-fire, in the good old days of letter-copying-presses, when every office man had to "write a good hand" to get a job, and master-pennmen proudly signed with great flourishes, occasionally working birds and flowers into the ink-work.

The old-time master-pennmen all seem to have vanished, along with the fellow who wrote "Jones Brothers, General Store" 3000 times on a postcard.

But interest in such things is as keen as ever, for man never wearies of admiring that peculiar ability—delicate skill—that underlies our whole civilization.

For instance, veteran editors—so blasé that they never experience more than one thrill a year—are "all hot up" lately by small chunks of lead, souvenirs distributed by the American Type Founders Com-

pany to demonstrate the skill of its machines that cast type from molten metal.

One end of these chunks of lead is five-sixteenths of an inch square—much smaller than the nail of your little finger—and in this space, if you use a microscope, you see the Lord's Prayer engraved with the mathematical accuracy of the headlines of this newspaper.

That seems marvelous, and it is. But John Phin, author of microscopy has the Lord's Prayer written at the rate of eight complete Bibles to one square inch. This writing was done with a diamond point, on glass by W. Webb, master-micrographer.

You probably will not believe that scientific truth, so it might be best not to mention the copy of the Lord's Prayer, shown to the London Microscopical Society, done in such minute letters that 22 complete Bibles could be written on a single square inch of glass.

Prof. Richard Whiddington, of Leeds University, England, has a device that measures a 200,000-100th of an inch and a 10,000th of a second.

That would excite the envy of the fine needle-maker who, complimented on his skill by Queen Victoria, borrowed one of her hairs and drilled a needle eye through it.

At the far extreme of all this is the most powerful machine in the world—the Olsen Testing Machine, in the Pittsburgh Laboratories of Uncle Sam's Bureau of Standards. It exerts a pressure of 10,000,000 pounds.

These marvels are all the creations of that weak machine, the human being. Think of these accomplishments when you have an obstacle that you are wondering if you can overcome.

## Commercial Value of Man.

(Kansas City Journal)  
The human body, as is well known, is composed of nothing more than chemical combinations. The bones consist of one combination, the muscular tissues of another, the blood of another and so on. The ingredients are the same that go to make up many of the most common and simple of material things. There are lime, fats, and iron in the body, all of which have commercial value.

An enterprising chemist recently made an analysis of these elements and estimated their monetary worth. He finds that the human body, from the standpoint of chemical composition, is worth about 98 cents. In other words, the intrinsic value of the body does not amount to a round dollar. There is not enough sulphur in it to make a small box of matches, and the iron it contains would hardly make a ten penny nail.

This is a poor way to estimate the value of the body. A thing is not always measured by its intrinsic value, but by the use to which it is put. An automobile, as so much steel, wood and iron, is not worth more than a few dollars. As a means of conveyance, it is worth several hundred dollars. It is the same way with the body—it all de-

pends upon the use that is made of it.

Thus everyone in the long run is able to determine the actual value of his own body and his own mind. Nature equips him with a 98-cent physical structure, but by using it properly, he can make its value too great to be estimated.

## FLA GOVER CITY HALL AT HANGS AT HALF MAST

Old Glory hung at half mast over the City Hall today in honor of the national Memorial observance. Commissioners were in their offices, however, but work as light.

The postoffice was closed several hours this morning and banks were to remain closed all day. No public observance of the holiday was held here, Sunday having been observed locally.

## HONORS TO DEAD ARE PAID TODAY

(Continued from Page One)  
ture into Memorial Day ceremonies here today when a service in honor of the "Unknown Dead" of the world war was given a prominent place in the day's program.

An informal procession proceeded to the local cemetery this morning where the graves of the known dead were strewn with flowers and flags. Then the assemblage formed a hollow square in the center of the grave yard and memorial services were held for those whose final resting place on foreign soil had not been marked by their own. A firing squad salute, "taps" by the bugler and a 30-second silence concluded this ceremony, after which the participants assembled and formed a

parade composed of color bearers, the Blackwell band, the firing squad civil and Spanish war veterans in cars, Ladies Relief Corps in cars, the American Legion, Ladies auxiliary of the American Legion.

Following the parade a memorial service for both the known and unknown dead was held at which Judge Milton C. Garber of Enid delivered the principal address.

Sporty!  
"Boss, I'm hungry."  
"Here's a nickel."  
"Thanks boss. Are you a sport?"  
"I hope so."  
"I'll match you for a nickel. I couldn't stay my stummick for less than a dime."—New York Evening World.

T. E. Graham, formerly in the grocery business here, but now in business at Mexia, Tex., spent the week-end visiting his family in this city.

## With the Women of Today

By EDITH MORIARTY

Minnesota women are going in strong for political offices. One woman entered the primaries for the office of lieutenant governor of the state, another is trying for a seat in Congress and Mrs. Peter Olson will run for a seat in the Senate. The state legislature, however has not been overlooked for Mrs. Mabeth Hurd Paige of Minneapolis Minn. has announced her candidacy for that body.

Mrs. Paige is director of the fifth region of the National League of Women Voters and has been at work in social service of one sort and another for twenty years. She was seven years president of the Women's Christian Association, an organization maintaining self-supporting clubs and homes for 700 working women of Minneapolis. She has been a member of the budget committee of the Minneapolis Council of social agencies, which disburses annually the sum of one million dollars for the charities of the city, a member of the field committee of the Y. W. C. A., and chairman of a speakers' bureau during the war work campaign.

Although a native of Massachusetts Mrs. Paige moved to Minnesota during her school days. She is a graduate from the School of Law in the University of Minnesota. She then took special courses in the University of Nebraska and spent two years in special post-graduate work in dramatic literature at Minnesota University. She is married to Professor James Paige a member of the University law faculty and she herself was admitted to the bar in 1900.

The first citizenship course given by the extension department of the University of Minnesota in cooperation with the League of Women Voters was under Mrs. Paige's direction. She will give her particular attention, if elected, to laws governing women and children.

### Here and There Among Women

The imperial council in Germany has adopted a bill admitting women to all branches of the legal profession, including judgeships and the bar generally, and also to the posts of public prosecutor, attorney and notary public.

A bill recently proposed in the Canadian legislature to the effect that an unmarried woman must be at least thirty before being allowed to vote was defeated. The resolution

Several blocks in west and north Ada are being graveled this week. This is the first gravel work to be done in parts of this section of the city.

We loan you a battery while repairing yours. Kit Carson. Phone 2, 225 East Main. 1-2-lmo

Fletcher Davis, negro, was scheduled to be arraigned today before Justice of the Peace H. J. Brown on a charge of unlawful possession of narcotics.

Bring your high school and college books to college exchange. All hours during school. College Bldg., 3rd floor. 5-18-lm\*

L. J. Little, formerly proprietor of a grocery store on West Twelfth street, but now in business at Mexia, Tex., is here visiting his family. He is contemplating returning to Ada.

Just to clean up and start again we will offer for this week a 15 percent discount on refrigerators, ice cream freezers, water coolers and lawn mowers. Rollow Hardware Co. 4-30-4t

Deputy Sheriff J. B. Chapman left today for the state reformatory at Pauls Valley with Milton Dorsey and Earl Edwards, under commitment from juvenile court.

Misses Murrell Edwards of Quinton, Blanche Satterfield of Sulphur, and Georgia Gage of Purcell have arrived to attend the summer term of the college.

Just to clean up and start again we will offer for this week a 15 percent discount on refrigerators, ice cream freezers, water coolers and lawn mowers. Rollow Hardware Co. 5-30-4t

The new Sunday school room which is being added to the First Methodist church is progressing nicely and is expected to be ready for use by Sunday.

Miss Almada Adams of Allen is here attending the college and visiting her sister Mrs. James Patterson. Mrs. George Allen of Allen, is also enrolled in the college summer term.

Bill Flowers was placed in the county jail Monday upon commitment from the county court on a charge of unlawful possession of liquor. He was turned in on a stay bond.

J. E. Boswell who has been at Wynnewood with the Cooper store has returned to his home here. He assisted Mr. Cooper in moving his dry goods store from here to Wynnewood.

Headquarters company has postponed the meeting for Wednesday night until Thursday night, in order to get credit for it in the new month, officers announced today. Battery F and headquarters company officials have been successful

Mrs. James Paige.

tion was based on the claim that thousands of the women between the ages of twenty and fifty who voted at the last general election knew nothing of either the party leaders or their platform.

Separate Pullmans for women have been announced by the Chicago and Alton and Washburn railroads. A. L. Bowman, a social settlement worker and a man, the wife of the Illinois Traveling Men's association, have all expressed approval according to their various reactions—stressing first comfort, then protection and lastly privacy.

The assistant secretary of the California State Federation of Labor, representing 100,000 workers, is a woman—Miss Helen Quinn. During the war, and in the absence of the secretary-treasurer in Washington and Europe, Miss Quinn handled the entire business of the federation.

Miss Elizabeth M. Laules, recently selected to act as secretary of the county jury in San Francisco, is the first woman in California to act in that capacity.

Ninety-four per cent of the farm housewives in the United States bake all the family bread, cake and pie, and 92 per cent do the family sewing.

ful in getting several new recruits, but more men can be used.

J. D. Lasater and A. B. Mears went "some" while fishing at the lake this morning. "Doug" said he had to redeem his reputation of Saturday. They landed five beautiful bass, three of them weighing around three pounds each. Several dandy bass have been captured by the sportsmen the last few days.

Curtis Floyd has returned from Stillwater where he took his degree at the A. & M. a few days ago. Curtis has specialized on animal husbandry and will make that his life work. He was one of the most successful boys in the county in this line of agriculture even before attending the college, and was one of the original club boys.

Miss Elizabeth Knight, principal of one of the large ward schools in Wichita, Kansas, arrived in Ada Monday to spend the summer at the home of her sister, Miss Kate K. Knight at 1010 East Ninth street. She has often visited here before and has many friends in the city. She and Miss Violet Knight will keep house while Miss Kate attends the University of Chicago.

An average of 160,000 foreign visitors are entertained in Paris each year.

## MEMORIAL HALL PLAN EXPLAINED

Committee Shows Reason \$10,000 Was Added To Original Request.

Today, for the first time, the publicity committee interested in the voting of \$110,000 in bonds for the erection of a memorial-convention hall in Ada, issued a statement explaining all phases of the proposal. It follows:

"It has been called to the attention of the publicity committee that many people do not understand what the extra \$10,000 in this bond issue is for.

### Prepare for Future.

"As everyone knows, some five hundred property owning, tax-paying voters of Ada, signed a petition asking the city commissioners to call an election for the purpose of voting \$100,000 in bonds to build a memorial-convention hall. After this petition was presented to the commissioners it was decided that the \$100,000 would be insufficient to build a building as large as the city needs at this time, and at the same time prepare for the future, and to have sufficient funds to purchase the site for said building. This \$10,000 was added by the commissioners to the original \$100,000 to provide funds for the purchase of the site and for the necessary equipment to go into the building after it is finished. Ample legal authority was found to exist for this increase and it was pointed out by those who had studied the proposition closely that this additional \$10,000 would be very appropriately spent in the proposed capacity.

### Not Cut and Dried.

"The committee also wishes to make it clear to the citizens of Ada that the architectural and construction work on this building is not a cut and dried proposition. The law provides that following the vot-

ing of the bonds by the citizens, the commissioners shall call for competitive bids from architects, submitting therewith plans, specifications and expected remuneration covering architectural work on the proposed building. The law further provides that the commissioners shall select from among the bids submitted the cheapest and best bid and it is the intention and expectation of the present commissioners to adhere strictly to these provisions, working in conjunction with the citizens' committee that has heretofore had this matter in charge, a committee composed of men and women representing the several civic, religious and labor bodies of Ada."

### HOT FIGHTS REPORTED IN BELFAST DISPATCH

(By the Associated Press)

BELFAST, May 30.—Fierce fighting was in progress along the Donegal-Fermanagh border last night, according to reports from Enniskillen. The dispatch said that both Belleek and Pettigo were in the hands of the Irish republican army.

Further fighting is reported at Cladym, county Tyrone.

The casualties in yesterday's disturbances in this city were four dead and twenty-two wounded.

DEPARTMENT STORE

**ELECTION PROCLAMATION**  
Under and by virtue of Section 27 Article 10 of the constitution of the State of Oklahoma, an ordinance No. 476 of the City of Ada said State authorizing the calling of an election for the purpose hereinafter set forth, passed and approved the 9th day of May, A. D. 1922.

I, the undersigned Mayor of the said City hereby call an election to be held in said City on the 6th day of June, A. D. 1922, for the purpose of submitting to the qualified tax paying electors of said City the following:

**Proposition.**  
"Shall the City of Ada in Pontotoc County, State of Oklahoma, incur an indebtedness by issuing its negotiable coupon bonds in the sum of \$100,000.00 to provide funds for purpose of purchasing site for Convention Hall and Community House, erecting Convention Hall and Community House thereon, and purchasing Convention Hall and Community House equipment, to be owned exclusively by the said City, and levy and collect an annual tax, in addition to all other taxes, upon all of the taxable property in said City sufficient to pay the interest on said bonds as it falls due and also to constitute a sinking fund for the payment of the principal thereof at maturity, said bonds to bear interest not to exceed the rate of five (5%) and one-half per centum per annum, payable semi-annually, and to become due within twenty-five years from their date."

The ballot to be used at said election shall set out the proposition as above set forth and shall also contain the words:

1. ☐ For the above Proposition.
2. ☐ Against the Above Proposition.

(If the voter desires to vote for the above proposition he shall stamp an "X" in the first square above; if he desires to vote against the above proposition he shall stamp an "X" in the second square above.)

The number and location of the polling places shall be as follows:

Ward No. 1. City Hall.  
Ward No. 2. Sudden Service Garage, 113 North Broadway.  
Ward No. 3. 200 West Main St.  
Ward No. 4. 217 West 12th St.

The officers to conduct said election shall be:

Ward No. 1.—John W. Beard and H. J. Huddleston, Judges; C. M. Chauncey and M. O. Matthews, clerks.

Ward No. 2.—Edwin Wright and P. T. Drummond, Judges; Claude Losgen and C. P. Lehr, clerks.

Ward No. 3.—Robert Ellis and Martin Hively, Judges; F. S. Houpi and W. E. Heady, clerks.

Ward No. 4.—O. J. Davidson and Lon A. Braley, Judges; Bart Smith and T. J. Emry, clerks.

Such officers shall act as counters. Witness, my official hand as Mayor of said City affixed this 23rd day of May, A. D. 1922.

W. H. FISHER, Mayor.  
Attest: (Seal) J. C. Deaver, city clerk. 5-24-10td

**Notice to Property Owners**  
**Paving Resolution No. 11-2**

A resolution adopting specifications and estimates of quantities and costs for the paving with concrete and otherwise improving of Street Improvement District No. 11, same being South Broadway from the south line of Twelfth street to the south line of Thirteenth street together with street intersections and alley crossings, all in the City of Ada, Pontotoc county, Oklahoma.

Be it resolved by the Board of Commissioners of the City of Ada, Pontotoc county, Oklahoma.

First: That acting under instruction of the Board of Commissioners, the Engineer has made the necessary surveys, and has prepared and presented complete and accurate specifications and estimates of quantities and costs of the improvement to be presently described and formally numbered, which specifications show the widths of the paving, and the materials thereof, and which specifications are hereby approved and ordered filed with the City Clerk of the City of Ada, Oklahoma.

Second: That it is necessary to permanently improve with concrete, said portion of Broadway, as set out in the caption of this resolution which portion of Broadway is hereby designated Street Improvement District No. 11, of the City of Ada, Oklahoma, by paving, grading, draining and otherwise improving same in accordance with such approved plans, specifications and estimates of cost thereof, so filed with the City Clerk.

Third: That if the owners of more than one-half (1/2) in area of the lots and tracts of land liable to assessment to pay for such improvements shall not within fifteen (15) days after the last publication of this resolution, file their protest in writing against such improvement, then the Board of Commissioners shall cause such improvement to be made and contracted for, and shall levy assessments for the payment thereof against such lots and tracts of land liable to assessment to pay for such improvements, as provided for in Sections 608 to 646, Article XII, Chapter 10, of the Revised Laws of Oklahoma, 1910, and amendments thereto.

Fourth: That this resolution shall be published in three consecutive issues of the Ada Evening News, a newspaper published daily, and of general circulation in the City of Ada, Oklahoma.

Fifth: That all resolutions or parts of resolutions in conflict herewith are hereby repealed.

Passed and approved this 23rd day of May 1922.

CITY OF OKLAHOMA.  
By W. H. Fisher, mayor and commissioner of Public Justice and Safety.  
Attest: (Seal) J. C. Deaver, city clerk and commissioner of Accounting and Finance. 5-26-6td

## PATRICK HENRY BIRTHDAY ONCE MORE OBSERVED

(By the Associated Press)

RICHMOND, Va., May 29.—Today is the 166th anniversary of the birth of Patrick Henry in Studley, Hanover county, Va., and the 157th anniversary of his submission to the Virginia house of burgesses here of a series of resolutions which inflamed the public mind against the stamp-act and made him leader of the colony. He offered the resolutions nine days after taking his seat in the house, and they were opposed by all the members who had been leaders of the body up to that time.

The resolutions proposed by Henry on May 29, 1765, defined the rights of the colony and pronounced the stamp-act unconstitutional and subversive of British and American liberty. Henry advocated the resolutions in a speech which Thomas Jefferson described as surpassing any he had heard. Five of them were carried, the last by a majority of one. All of them were published, and inspired open antagonism to the existing British rule.

Henry, acclaimed by John Randolph of Roanoke as Shakespeare and Garret combined, was born in 1736, son of John Henry a Scotsman, and Sarah Winston, who was of English descent. His paternal grandmother was a cousin of a historian, William Robertson, and of the mother of Lord Brougham.

Henry contributed to the opening of the regions west of the thirteen original states by sending out, as governor of Virginia in 1777, the expedition under George Rogers Clarke which won from the British the territory northwest of the Ohio river. He was a persistent advocate of the American right to free navigation of the Mississippi, the mouth of which was held by the Spanish.

The Virginian foretold the abolition of slavery in an address delivered in 1788, before the state convention that ratified the federal constitution. In this connection he said, "Slavery is detested. We feel its fatal effects; we deplore it with the pity of humanity."

(Published May 26, 27, 29, 30, 31, 1922 and June 1, 2, 3, 5, 6, 1922)

**Notice to Paving Contractors.**  
Notice is hereby given that in pursuance to Paving Resolutions Nos. 6-2, and 10-3, passed by the Board of Commissioners of the City of Ada, Oklahoma, on the 26th day of May, 1922, sealed bids will be received at the office of the City Clerk of the said City until 2:00 o'clock p. m. on the 7th day of June, 1922, for the furnishing of the materials and the performance of the work necessary for the paving and otherwise improving in the manner and subject to the conditions hereinafter set out, of portions of the avenue and street in the following street improvement districts in the City of Ada, Pontotoc county, Oklahoma, heretofore established by resolutions passed by the Board of Commissioners, to-wit:

**Street Improvement District No. 6.**  
South Townsend Avenue from the center-line of Twelfth Street to the south line of Twelfth Street, including street intersections and alley crossings on the above described avenue in the City of Ada, Oklahoma.

**Street Improvement District No. 10.**  
West Seventeenth Street from the West line of Broadway to the East line of Townsend Avenue, in the City of Ada, Oklahoma.

The cost of such improvements on said avenue and street including street intersections and alley crossings shall be borne and paid by the owners of property benefited by such improvements upon the said avenue and street hereby ordered to be improved.

The entire cost of said improvements on said portions of such avenue and street shall be separately apportioned to and levied and assessed against the abutting property liable to assessment thereof, and the owners thereof, in accordance with the provisions of the State Laws of Oklahoma governing the same.

The plans and specifications for the improvement of the said avenue and the said street have been separately prepared by the city engineer and have been adopted by the Board of Commissioners and include and set forth in detail all the different materials and plans and methods of construction hereinafter set out. The plans, plat, profiles, specifications and estimates are on file in the office of the City Clerk.

For each improvement district the class of pavement to be constructed shall consist of single course plain concrete six (6) inches in thickness. Bids shall be submitted upon proposal sheets to be furnished by the City Engineer, and each bid must be accompanied by a certified check on some solvent bank in the State of Oklahoma, or a satisfactory Bidder's Bond in the amount of approximately five (5) percent of the total cost of the work based upon the Contractor's bid. The Board of Commissioners of said City reserve the right to reject any or all bids on each district separately, and bidders are cautioned to observe all the conditions set out in the specifications and bidding sheets.

Each bidder shall accompany his bid with a sworn statement in writing that the bidder has not, directly or indirectly, entered into any agreement, expressed or implied, with any other bidder or bidders, having for its object the control of the price and amount of such bids, or limiting the number of bidders. No bidders shall divulge sealed bids to any person whatsoever except those having a partnership or other financial interests with him in said bid, until after the said bids are opened. The violation of any of the foregoing provisions on the part of the bidder shall make void any contract made by him with said City based upon his bid, all as provided in Section 1, Article IX, of the charter of the City of Ada, Oklahoma.

Bids received as aforesaid will be opened and considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Ada, Oklahoma at 2:00 o'clock p. m. on the 7th day of June, 1922. All bids are required to be placed on file in the office of the City Clerk for inspection for forty-eight (48) hours after opening before the award or rejection of bids can be made.

The contract will be awarded for each district to the bidder submitting the most advantageous bid therefor, who will undertake and perform the work and furnish the materials according to the plans and specifications contained in the resolution of the Board of Commissioners declaring in each instance, the necessity of, and providing for the improvement of the said avenue and street. A copy of such resolutions will be furnished to bidders upon application therefor at the office of the City Clerk.

The Contractor shall receive for the above work, including printing and appraising, Street Improvement Bonds at their par value against the abutting property according to Sections 608 to 646, Article XII, Chapter 10, of the Revised Laws of the State of Oklahoma, 1910, and amendments thereto.

The Contractor to whom a contract may be awarded will be required to execute and furnish the City a good and sufficient Construction Surety Bond in amount equal to fifty (50) percent of the whole bid, conditioned for the full and faithful execution of the work, and the performance of the contract.

The Contractor will also be required to execute and furnish the City a good and sufficient Statutory Surety Bond in the full amount of each contract awarded him, running to the State of Oklahoma, which bond shall guarantee the payment of all bills for tools, machinery rental, labor and materials used in or about the construction of the work on each separate district. This bond shall be presented to the City at the same time as the Construction Bond, and after being approved, shall be filed with the Court Clerk of Pontotoc county.

The Contractor shall also furnish before the allowance of the final estimate and acceptance of the work, a Maintenance Surety Bond in amount of approximately three (3) percent of the cost of the work in each district he has contracted for, conditioned for the maintenance in good condition of the paving, curbing and drainage for a period of five (5) years from the time of completion and acceptance by the City.

Complete plans and specifications can be seen and consulted in the office of the City Engineer, Ada, Oklahoma. Plans and specifications are also on file in the office of the City Clerk of Ada, Oklahoma, and may be examined by all persons interested.

Dated this 26th day of May, 1922.

## MEMORIAL DAY OBSERVED IN FOUR COUNTRIES

Upper left, heroes of two wars decorating graves in Boston; right, Red Cross workers at graves of Yanks in Britain; lower left, firing squad from Rhine army firing salute over bodies of soldier dead still in France; right, decorated grave of Capt. Harold V. Auferle, Red Cross worker, near Nova Varosh, Serbia.

Bodies of hundreds of World War heroes are still interred in foreign countries. And the graves of these are being remembered this Memorial day.

Red Cross workers and the American military still in Europe have united to observe the day at the graves of heroes who remain in graves near the spot where they gave up their lives for the cause of civilization.

## Farmers' Column

By Byron Norrell

Mrs. Duvall reports a good meeting of the girls' club of Latta Saturday afternoon. Fifteen were present and they devoted their time to sewing and cooking. Among other things they baked some delicious pies. Mrs. Duvall states that they are preparing to begin canning in a few days.

S. J. Armstrong states that he is getting good results from a small ad in the classified column of the Weekly News calling attention to his potato slips. He has had a hard time in keeping up with the calls he has had for these slips.

Speaking of potatoes, there is no doubt about a larger acreage being planted than ever before in the history of the county. Local men report a demand that has kept their beds pulled clean and many farmers have of course put out their own beds. Next fall Pontotoc county can supply a large number of cities with the best potatoes to be found anywhere.

P. H. Hyder, who lives between Ada and the river, states that last year he had some success fighting the boll weevils by means of a brush drag. He rigged up a brush or thick limbs reaching across a cotton middle, weighting it down with a long flat stone that also reached most of the way across the middle.

With a brush of this kind between two middles, he hitched two horses to the rig and with a pole reaching from one outside row to the other he drove down the middles. The pole knocked the insects from the stalks and the brushes either killed or buried them or else left them exposed in the hot sun to die. He got two good bales from 20 acres and says if he had not lost heart and quit he believes he could have made much more. At all events he made the best crop in his neighborhood and is going to try the plan again this year. He says a single brush pulled by one horse will answer, but by means of a double team one can cover some 15 acres or more per day.

I wish some of our young club friends would send a report occasionally of the progress they are making this year with whatever line they are following. Last fall I published some highly interesting reports boys had made to Mr. Hill and would like to have more of this kind from time to time. For instance, I know of several boys who could tell us some valuable things about bees and how they are handling them. Others might tell us about how they are getting along with their pigs and so on down the line. Of course I would like to hear from the girls, too. They might give us some excellent ideas about their work, especially with their poultry, canning and cooking experiences.

**Scholarships to Be Awarded.**  
STILLWATER, Okla.—In every county in Oklahoma, competitive examinations are to be held June 9 and 10 on which to award state scholarships to the A. and M. college. Two students from each county are to be selected.

"Your attention is directed to the fact that under a ruling of the attorney general's office an examination must be held in order for scholarships to be awarded," says a letter which Dr. J. B. Eskridge, president of the college, has just mailed to county superintendents

throughout the state. "The two students rating first and second in the examination will be awarded scholarships. In case they should decide not to enter the college, then the alternates may be given the scholarships, or if there are no alternates, the county superintendent then has the right to appoint students to fill the vacancies."

"The scholarships are open to students who have completed the eighth grade and have received, or are entitled to receive, their eighth grade diplomas. Examinations are open to both boys and girls, and the winners must pursue either the home economics or the agricultural course at the college, and in addition, must oblige themselves to do actual farming for a period at least equal to that enjoyed by them under the scholarships."

These scholarships, created by legislative enactment as annual awards in each county of the state, are good for two years and pay \$100 a year, divided into nine equal installments. Questions upon which the examinations are to be based are to be supplied by the college.

**Government Is Not Liable for Losses When Coal Was Low**

(By the Associated Press)

WASHINGTON, May 29.—The federal government is not liable for loss which coal companies allege they suffered during the war when compelled to sell coal at prices fixed by the government, the supreme

court held today in a case brought by the Pinehill Coal company.

And in the decision, the supreme court held that the federal government is not liable for losses alleged by coal companies to have been suffered on coal requisition by the fuel administrator during the war. The case was brought by the Morris-Dale Coal company.

## LARGE PIMPLES ALL OVER BODY

Itched and Burned. Could Not Sleep at Night. Cuticura Healed.

"My body turned red all over and in a few days broke out in a mass of soft, large pimples that feasted over. They itched and burned towards the last, and caused disfigurement for the time being. I could not sleep at night."

"I began using Cuticura Soap and Ointment and after five or six days I got relief. I continued using them and in six weeks was completely healed, having used three cakes of Soap and three boxes of Ointment." (Signed) Ralph McCormick, 2604 Napoleon Ave., New Orleans, La., July 13, 1921.

Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes.

Sample Each Free by Mail. Address: "Cuticura Lab. Ointment Dept. L. 24 Union St., Boston." Send no money. Where Soap, Ointment and Talcum are sold. Cuticura Soap shaves without mug.

## \$365 IN PRIZES FOR BEST RHYMES

A new contest is just being started which will interest everyone who reads this paper. Anyone can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear on the label of the Dr. Price can (front and back).

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

### 97 CASH PRIZES

For the rhyme selected as best a prize of \$100 will be given; for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 23 prizes of \$5 each for the next 23 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand. Here's a 4-line-rhyme as example:

Biscuits, muffins, pie or cake,  
With Dr. Price's Powder bake.  
The Price's Co. guarantee  
No atom in the cans to be.

As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 13 oz. can, some rhymes could play up the great economy of this pure and wholesome baking powder.

All rhymes must be received by July 1, 1922. Only words appearing on the label of the Dr. Price can (front and back) may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, you can see one free at almost any grocery. It is not a requirement that you purchase a can in order to be eligible in this Contest.

Anyone may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address. Send your rhyme before July 1st to Price Baking Powder Factory, 1655 Indianapolis Blvd., Chicago, Ill.

## WAS A BROKEN-DOWN WOMAN

Then I Began Taking Lydia E. Pinkham's Medicines

Donaldsonville, La.—"I write with pleasure to praise your medicine—Lydia E. Pinkham's Vegetable Compound—which has done so much to restore my health. I was a broken-down woman until my husband brought me a bottle of your Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine. I had been having pains every month and at intervals between, was weak and seemed to be smothering at times, but in a week I felt like another woman. I also used Lydia E. Pinkham's Sanative Wash. It did me a lot of good too. I cannot praise your medicines too much and will be more than glad to recommend them to any woman who is suffering from female troubles. You may print my testimonial, as it is true."—Mrs. T. A. LANDRY, 612 Miss. St., Donaldsonville, La.

Note Mrs. Landry's words—"as it is true." Every letter recommending Lydia E. Pinkham's Vegetable Compound is genuine. It is a statement telling the merits of these medicines just as the women in your own neighborhood tell each other about them. For fifty years Lydia E. Pinkham's Vegetable Compound has sold on merit.

## SPEED KINGS OFF IN 500 MILE RACE AT INDIANAPOLIS

(By the Associated Press)

INDIANAPOLIS, Ind., May 30.—Jimmy Murphy, of Los Angeles, was leading at the end of the 300-mile mark of the 500-mile automobile race for \$85,000 in prizes at the Indianapolis speedway today. Murphy flashed into the lead at the start and retained his lead up to this point. All of the previous reports announcing that he momentarily lost it when he stopped two minutes at the 185-mile mark to change four tires and replace fuel, have been corrected. The error was made in the checking system. Murphy won \$5,100 in prize money up to this time.

Time for the 300-mile period was three hours, ten minutes and 24 seconds, an average of 94.54 miles per hour. Harry Hartz was second, Ore Halbe third, and Eddie Hearn fourth. The average for the same distance last year was 90.36 per hour. Ralph DePalma was in tenth place at this time.

With a roar from perfectly tuned motors, 27 drivers, the pick of three nations, shot away at 10 a. m. today in the start of the 500-mile automobile race at the Indianapolis speed way for prizes totalling \$85,000. There was a record breaking crowd of spectators of 125,000 cheering from the grandstand and fields when the starting bomb was fired. Records were posted on the first lap by Barney Oldfield, a retired star of the racing world.

Jimmy Murphy, driver of a specialty eight cylinder car, got the lead at the start, piloting his car around the treacherous south turn of the speedway at a pace that brought spectators to their feet. Leon Duray, driving his first speedway race, was second and Ralph DePalma, a favorite with the crowd, was trailing in third place. The time for the first lap around the two and one-half mile course, was 1:34.64, an average of 95 miles an hour.

More sun dials are possessed in Paris than in any other city in the world.

## FOR RENT

Nine-room brick house, two bath room, servant's house, and garage. 116 West Seventeenth street.

Sledge Lumber Co.

## MISS KNIGHT IS ONLY ORIGINAL OF FACULTY

Miss Kate K. Knight, instructor in mathematics for the East Central Teachers college, is the only member of the original faculty still in service. She came to Ada when the East Central Normal started its career in the fall of 1909 and has been in continuous service since that date. She will take a leave of absence this summer and attend classes at the University of Chicago.

Miss Knight comes from a family of teachers. Her father and mother both were teachers, spending much of their time among the Indians of old Indian Territory. Miss Knight began her teaching career at the age of fifteen. She was for many years teacher and principal in the various Indian schools of the Choctaw Nation, at one time being principal of the Wheelock Academy, one of the most famous Indian girl schools in the territory. One of her sisters is principal of one of the ward schools in Wichita, Kansas.

Few teachers in Oklahoma are better known or more highly esteemed than Miss Knight. All of her students say her work is thorough and she is exacting in her demands, but with it all there is mixed much of the milk of human kindness and her one aim is to develop the coming teachers of the district for the highest type of service.

## Sheriff's Men Raid Small Still Monday; Onlookers Arrested

Ellis Boyd and Ray Boyd, brothers, were arrested yesterday when members of the sheriff's force raided a still ten miles west of Ada and seized a gallon and a half of whiskey.

Sheriff Duncan reported this morning that the "wild cat" was running full blast and that the two men were sitting nearby, apparently tending it, when the law appeared on the scene. They were both in the county jail today. Charges are expected to be filed against them in the county court.

## PRESIDENT BACK FROM CHESAPEAKE BAY TRIP

WASHINGTON, May 30.—The President and Mrs. Harding returned to Washington today on the yacht, Mayflower, in which they left Saturday with a party of friends for a week-end trip down Chesapeake bay. Perfect weather conditions were said to have prevailed on the last lap of the cruise, and the president, refreshed by his brief rest, went directly to the White House from the navy yard dock.

Exactly. Prisoner—Me? Across the way from him, your honor.—Le Rire, Paris.

## OIL PROMOTERS TRIAL STARTED

Witnesses From All Parts of Nation Gather To Tell Their Story.

HOUSTON, May 30.—Stockholders from Hollywood, Calif., to Cambridge, Mass., and from Grand Fork, N. D., to Galveston, who invested in the so-called S. E. J. Cox companies, and saw the price of their stock crumble, were waiting outside the court room this morning to be called as witnesses as the government opened its case against the spectacular oil promoter.

All preliminaries had been completed with the reading of indictments Monday afternoon by Federal District Attorney Simmon. The docket, covering 56 pages, required one and one-half hours to read to the jury.

It charged Cox with making false statements and using the mails to defraud in selling stocks in three companies whose capital on paper amounted to \$41,000,000.

## LODGES

Ada Chapter No. 78 O. E. S. meets second and fourth Thursday nights in each month.—Jewel Rowzee, W. M.; Margaret Peay, Sec'y.

A. F. & A. M.—Regular meeting of Ada Lodge No. 119, Monday night on or before the full moon in each month.—F. R. Laird, W. M.; F. C. Sims, secretary.

R. A. M.—Ada Chapter No. 26. Royal Arch Masons, meets the second Tuesday night in each month.—T. W. ROWZEE, High Priest, F. F. C. SIMS, Secretary.

K. T. M.—Ada Commandery No. 16. Knights Templar Masons meets the third Friday night of each month.—T. W. ROWZEE, E. C.; C. SIMS, Secretary.

KNIGHTS OF PYTHIAS—Magnolia Lodge No. 145, meets every Tuesday night. Visiting knights cordially invited.—F. L. Finley, Chancellor Commander; J. W. Westbrook, K. R. S.

## Railroad Man Shot In Presence of His Small Son in Texas

McGINNIS, Tex., May 30.—R. L. Fletcher, railroad shop worker, was shot and killed at his home here early today in the presence of his 12 year old son, Mrs. Fletcher, who declined to make any statement, was taken into custody by Chief of Police Crosby who escorted her to Waxahachie where the grand jury is in session. The Fletcher boy told officers he was awakened at 5 o'clock by shots and later saw his father fall to the floor, where he died a few minutes later. Five bullets penetrated Fletcher's head and chest.

FOR SALE OR TRADE—Dandy 6 room house, garage, etc., 21st and Belmont. This sure is a bargain and a nice home. Will take good car or make terms.—Grant Irwin, 225 East Main. Phone No. 2. 5-29-6td\*

## RUMBLE OF RAIL STRIKE GROWING

Union Officials Threaten to Call Walkout After Gigantic Slash.

(By the Associated Press)  
CHICAGO, May 30.—A virtual ultimatum to the railroads of America through the United States Railroad Labor Board was presented by the federated shopcrafts, representing 400,000 employees, in a request today for a conference with the board on Thursday, when the federal body will be asked to take immediate jurisdiction of all cases in which railroads are ordered to be disobeying the board's orders.

If the board declines, a strike ballot will go out at once to shopmen all over the country.

Third Question Bobs Up.  
With a further wage cut threatened in a decision expected to be handed down by the board on Friday or Saturday, a third question will be placed on the ballot, according to M. Jewell, head of the shopcrafts. Two questions, one on an alleged violation of the board's decision by contracting out shopwork, and the other on eliminating time and one-half for overtime, have largely been authorized for submission to the men.

If another pay cut is authorized by the board, the pending ballot will then be converted to the strike ballot threatened, Mr. Jewell said.

While a strike undoubtedly is a strong possibility unless shopmen's grievances are alleviated, Mr. Jewell said an actual walkout would hardly be possible before September 1. A "reasonable time" would be allowed for the board to take jurisdiction and for the railroads to comply with the board's order, he said, but failing in that, the ballot would go out. It was regarded as certain that the vote to strike would be overwhelming.

CHICAGO, May 30.—Rumblings of a threatened railroad strike which marked the receipt of Sunday's slash of \$48,000,000 from the wages of maintenance of way employees of the nation's railroads by the railroad labor board continued today, while rumors of reductions in the wages of other classes of railroad labor added to the growing belief that the impending change will come before the end of the week.

Reductions, said to be contemplated by the board, affecting the wages of 400,000 employees, combined with Sunday's slash, would reduce the railroad payrolls \$100,000,000, or half of the amount necessary to bring the payrolls back to where they were in May, 1920, when the board raised wages of labor on the roads.

## THOUSANDS VIEW LINCOLN SHRINE

(Continued from Page One)  
despite his age and infirmity, to attend the impressive ceremony. He often must have seen the Great Emancipator so in life, when he sank back in the heavy chair at his desk in the White House and brooded over the havoc that a civil war would make.

The figure is relaxed with arms outstretched on the arms of the chair, but the head is erect, and the quiet, deep drawn lines of his face are but the setting for brooding eyes which look thoughtfully, almost in sorrowing pity, over the memories of the scenes they witnessed and of the sorrows they knew.

A Simple Shrine.  
WASHINGTON, May 30.—The Lincoln Memorial, the gift of the nation to the memory of Abraham Lincoln, is one of the world's most beautiful structures and the greatest shrine of the man who saved the union. Impressive in its simplicity, the memorial probably is the masterpiece of all public buildings and memorials in the United States. It stands in Potomac Park facing the Washington monument, and its construction was begun on Lincoln's birthday anniversary in 1914. The total cost has been approximately \$3,000,000.

This monument to Lincoln is a large rectangular building of white marble, designed by Henry Bacon, a New York architect. It has a beautiful setting on a direct east and west line with the Washington monument and the nation's capitol, and rises 144 feet above the level of the park. It is composed of four principal features—a statue of the man, a memorial of his Gettysburg address, a memorial of his second inaugural address and a symbol of the Union of the states.

The most important object in the memorial is the statue of Lincoln in marble, by Daniel Chester French, New York sculptor, placed in the central hall where, by virtue of its imposing position in the place of honor, it predominates all else. The statue is colossal in size and yet distinctively personal. It represents Lincoln, seated, in a thoughtful mood, and is the first thing that meets the eye as one passes thru the immense colonnaded entrance. Smaller halls, one at either side of the central hall, contain monumental tablets in which deeply incised letters reproduce word for word, Lincoln's Gettysburg address on the left wall and the address made by him at his second inauguration on the right wall. Above these are two large mural paintings by Jules Guerin, a New York artist, one typifying "Emancipation" and the other typifying "Reunion". Their production occupied three years' time.

Each State Represented.  
Surrounding the exterior of the walls inclosing these memorials is a magnificent colonnade forming a symbol of the union, each column representing one of the 36 states existing at the time of Lincoln's death. On the outer walls above the colonnade and supported at intervals by eagles are 48 festoons, one for each state existing at the present time.

At the end of the great axis, planned over a century ago, is the capitol of the nation, which is the monument of the government, and a mile westward from the capitol is the 555-foot granite shaft which is the monument to George Washington. Now, on this same great axis half a mile west of the Washington monument stands the Lincoln Memorial. This completes an unparalleled composition, a trilogy which imparts to each of its monuments a value in addition to that which each standing alone possesses.

More than a dozen years ago Potomac Park, one of the most important units of Washington's great park system, and which lies along the Potomac river, was first suggested as the site for a memorial to Lincoln. The late John Hay, one of Lincoln's secretaries and biographers, and later secretary of state of the United States, favored its selection. In expressing his approval he wrote:

Washington and Lincoln  
"As I understand it, the place of honor is on the main axis of plan. Lincoln, of all Americans next to Washington, deserved this place of honor. He was of the immortals. You must not approach too close to the immortals. His monument should stand alone, remote from the common habitations of man, apart from the business and turmoil of the city—isolated, distinguished and serene. Of all the sites this one, near the Potomac, is most suited to the purpose."

By means of terraces the grounds around the site are raised until the floor of the memorial itself is 45 feet higher than the grade of Potomac Park. A circular terrace, 1,000 feet in diameter, first rises above the level of the park. On its outer edge stand four concentric rows of trees, leaving a plateau in the center 755 feet in diameter. In the center of this plateau, surrounded by wide roadways and walks, rises an eminence supporting a rectangular stone terrace wall 14 feet high, 256 feet long and 186 feet wide. On this rectangular terrace rises the white marble memorial. All the foundations of the steps, terraces and memorial are built on concrete piling which extends down to solid rock.

Rising from this rectangular terrace three steps, each 8 feet high, from a platform measuring 204 feet in length and 134 feet in width. On this platform stand the 36 columns, symbolizing the Union, which enclose the memorial hall walls, and support the upper portion of the building bearing the festoons representing the existing 48 states. This colonnade is 188 feet long and 118 feet wide, the columns being 44 feet high and 7 feet, 5 inches in diameter at their bases.

Memorial Hall Within  
Within the colonnade stands the white memorial hall, measuring 156 feet in length and 84 feet in width. Inside the building in the central hall where the statue of Lincoln stands is 60 feet wide, 70 feet long and

## LIONS VOTE FOR MEMORIAL HALL

Club Unanimous Today in Favoring Support of Proposed Issue.

The Lions Club, at a special meeting today at noon, unanimously approved a resolution by W. E. Harvey endorsing the Memorial Hall bond issue, which is to be voted on June 6. Considerable enthusiasm accompanied the vote, and there was no indication of any opposition.

The club was delighted with two violin solos, by Fred Schreiber, accompanied by Mrs. Schreiber. These two talented musicians, among the best in the state, were a distinct delight to the large body of Lions present.

New members present were A. K. Thornton and Claude Rodarmel. Lion Tamer Robert Wimbish introduced Mr. Thornton by relating many interesting bits of early history in Ada, in which Mr. Thornton took part. Mr. Thornton pleaded guilty to all the charges and pledged his support and co-operation in all worthy Lion endeavors.

The Club went on record as favoring the use of the west end of Glenwood park as a tourists park, and instructed Lowrey Harrell to report to the other organizations interested in the movement and to the city commissioners.

Harwell Proves Wit.  
M. M. Harwell proved himself something of a wit during his time in the president's chair. He presided part of the meeting as the chairman of the entertainment committee.

L. W. Dawley, manager of the ice plant at Paris, Texas, the guest of Roy Givens, gave the Club some insight into the problems the ice manufacturer has to meet. He stated that there is an effort to clear up the minds of the public many misunderstandings that have been prevalent for years, reaching the conclusion that almost all difficulties arise from misunderstandings. Many plants are now in an association, to become a member of which a plant has to pledge itself to purity of product, courtesy of employees and full weights.

Ice Business All Year.  
He showed how the ice business must maintain a manufacturing, sales and delivery organization all the year in spite of there being only a few months when there is any considerable income from the product. Taxes, wear, tear and other expenses go on all the time.

The entertainment committee for next time consists of J. E. Hickman, B. H. Epperson and M. C. Wilson. Guests present, in addition to Mr. Dawley, were J. T. Reichten of Ardmore with W. C. Duncan, J. L. McCauley of Ada with W. G. Moser, Ed Hunter of Ada with L. A. Ellison and J. M. Budack of Dallas with Roy Givens.

Coach Thompson of the College thanked the Club for the support it had given athletics at the institution and solicited the continuation of this support and co-operation.

Robert Wimbish reported the successful termination of a discussion with the Redpath Lyceum Bureau. This is a claim that the Bureau has against several local organizations for about two years.

Flags in Evidence.  
The assembly room of the hotel was beautifully decorated with flags and red, white and blue colors, in honor of Memorial Day. Small flags were at each plate also.

Te meeting was the best attended of any for more than a year. Almost the entire membership was present.

60 feet high, while the halls where the memorials of the speeches are placed are 57 feet long, 37 feet wide and 60 feet high; four Ionic columns separating each of these halls from the central hall. The colonnaded entrance to the memorial hall is 45 feet wide and 44 feet high.

To the eastward of the memorial, at the foot of the series of steps leading toward the Washington monument is a lagoon, or reflecting basin, 2,000 feet long and 480 feet wide. In its waters is reflected from one end the Lincoln Memorial and from the other end the Washington monument is pictured. It is from two to three feet deep, its floors of dark material, making the water as reflective as a mirror. Splendid elm trees line both sides of the reflecting basin.

The grounds surrounding the memorial slope up gently to the winding walk which encircles the entire structure. Rare specimens of boxwood, trees, nesting in the corners of the temple, are each nearly 100 years old and cost about \$1,000 apiece. Each tree planted about the memorial is a selected specimen of great age.

Begun in 1902.  
The movement for the construction of the memorial was begun in 1902 and in 1910 the late Senator Shelby M. Cullom of Illinois, a friend of Lincoln, introduced in the Senate the bill for its erection. The bill was approved by Congress Feb. 9, 1911. The law created a commission and named as its members William H. Taft, Shelby M. Cullom, Joseph G. Cannon, George Peabody Wetmore, Samuel Walker, McCall, Hernando D. Money and Champ Clark.

The commission was authorized to procure and determine upon a location, plan and design for a monument or memorial in Washington. The aid of the government commission of Fine Arts was invoked in the selection of the site and plans. On the 105th anniversary of Lin-

coln's birth, Feb. 12, 1914, the late former Senator Joseph C. S. Blackburn, then resident commissioner of the memorial commission and who was a Southern officer during the Civil war, broke ground for the memorial saying as he did so; "This memorial will show that Lincoln is now regarded as the greatest of all Americans and that he is so held by the South as well as the North."

Cornerstone in 1915.  
The cornerstone was laid on Lincoln's birthday, in 1915 without ceremonies. Among the articles placed within the stone was a history of Lincoln, signed by his living son, Robert T. Lincoln. The building of the memorial was some what delayed during the world war and its construction, which was expected to be completed in three years time, has taken about six years.

A memorial bridge across the Potomac river from a point nearby the Lincoln Memorial and extending to the Arlington National Cemetery is contemplated in the plans as well as a boat landing on the river directly east of the memorial.

Temporary buildings erected in Potomac Park for war purposes and occupied by the navy department has encroached upon the memorial grounds as planned by the commission of fine arts, which declares:

"Until the buildings are removed the memorial will be dwarfed and made of small importance, and the development of the landscape features upon which the memorial depends for effectiveness will be made impossible. The construction of the buildings works sacrilege to the memory of Lincoln."

## ADA COLLEGE HAD BATTLE TO EXIST

(Continued from Page One)  
tempted the same thing and was defeated largely through the efforts of Ada, although several other schools were also scheduled for slaughter.

On two or three occasions bills were introduced in the legislature to abolish the Ada institution, but they all failed.

From the beginning the policy of the normal was to insist on thoroughness rather than to seek for numbers. In course of time when it became known that this was the foundation of the Ada policy, the enrollment grew and was made up of students who were here for real work. Finally it reached a point where it was advisable to enlarge the scope of the school and make it a full fledged college. However, its professional purpose was not changed.

### Summer Work Standard.

At first the summer terms were largely for the purpose of giving teachers a chance to review for examinations for certificates, but this was done away with several years ago and nothing but credit work offered. Hundreds of teachers have gone out from East Central and the great improvement in education in Pontotoc and other counties is due in no small degree to the influence of this college.

One important factor in the growth of the school has been the capable management and length of service of the presidents. C. W. Briles, the first president, served seven years, a record probably unsurpassed by any other normal school head in the state. J. M. Gordon, his successor served four years, resigning to accept a more remunerative position. A. Linscheid is completing his second year. Other normals and colleges have changed presidents with great frequency, much to the detriment of those schools.

East Central is still young in years, but it is filling a great need in supplying the state with large numbers of trained teachers and the work is gaining momentum with every passing day. The importance of trained teachers to shape the lives of the coming generations is recognized as never before, and a training school to supply these is a vital necessity in civilized life.

### CITY BRIEFS

Go to the A. A. A. free band concert at Glenwood Park Wednesday evening 7:30. 5-30-22

George Taylor of Morris, Okla., is in the city today looking after business matters.

Miss Pearl Black of Centrahoma has arrived in the city and will enroll in the Teachers College.

Go to the A. A. A. free band concert at Glenwood Park Wednesday evening 7:30. 5-30-22

Mrs. E. D. Watson of Oklahoma City has returned to her home after spending a few days here visiting.

Mr. and Mrs. J. T. Reichten of Ardmore are in the city visiting the family of W. C. Duncan and the family of Gilbert Reed. Mrs. Reichten before her marriage was Miss Mildred Reed. She spent most of her childhood here and has many friends who are glad to renew acquaintance.

Martin-Tucker.  
Word was received here today of the marriage in Tulsa on May 25 of Ona C. (Cotton) Martin of this city to Miss Etta Tucker of Sapulpa. Martin is employed by the Frisco. The couple probably will make their home in Ada.

## The Color and Style that suit you best

NEW fabrics for Summer make a blaze of color in the dress-goods department.

New styles—lovelier than ever—are in the pattern department, hundreds of them.

Come in to-day and select the colors and models that will be most charming for you.

You can make any one of these new Summer dresses like an expert, for the Deltor now comes in every new Butterick Pattern.

The Deltor gives you the swift, economical cutting of an expert, the deft ways of putting-together a great dressmaker uses, and the clever methods of finishing that spell Paris.

With the Deltor you can make clothes you never dared attempt before. Stop in to-day and let us tell you more about it.

### Cleanliness

Teachers and Students We Welcome You

## Why Stagger Under the Burden of Wash Day ?

There's no excuse for those dreary, tiring, back-breaking hours spent on your washing every week.

Nothing can compensate you for the wear and tear on your nervous system. It's really an unfairness to yourself. The strain of study is sufficient without the washday drudgery.

We are anxious to relieve you of this burden. Phone 49 and our car will call for and deliver your work, done as carefully and as efficiently as if done by yourself.
